

Humour in Environmental Education?

Are you an environmental educator?

Do you work in Canada or are you a Canadian working elsewhere?

Are you 18 years of age or older?

Would you like to tell us about how you use humour?

Would you be willing to complete a short survey?

If yes, please visit [the project site](#) to find out more about our study.

We are two environmental educators and researchers keen to learn how other Canadian environmental educators use humour in their practice!
